Morning Dawn Lodge No. 7,  
F. & A. M., meets this (Thursday)  
evening for work.

The Mite Society, for the benefit  
of Addison Chapel, will be held at  
the residence of S. H. GAY, in Addi-  
son township, Thursday evening, Sept.  
8th. All friends interested in the  
cause are cordially invited to attend.  
A general good time is anticipated.

Thanks to A. J. POWELL, Esq.,  
of Springfield township, for a package  
of splendid Concord grapes. They  
were delicious, you may be sure—the  
best we have seen this season.

C. H. McCORMICK, the Court  
street dealer, has added a full and  
complete stock of Groceries to his other  
trade, and can now supply the public  
to any extent, and at lowest rates, in  
that and the Dry Goods line. Call and  
test him.

We have not been able to get  
the exact census figures of our city,  
but learn that the increase since  
1860 has been near forty per cent.  
That will compare favorably with  
any of the towns in this part of the  
State.

H. S. NEAL, Esq., late Consul  
at Lisbon, Portugal, landed here Sunday  
evening on his way home from  
Europe. Mrs. NEAL returns in feeble  
health.

Mr. NEAL's administration of the  
duties of Consul, as well as those of  
Charge d'Affaires, in absence of the  
resident Minister, were highly satisfactory  
to the government, and his resignation  
was accepted with words of commenda-  
tion, for faithful services performed,  
from the State Department.

Capt. HAM MORRIS has com-  
mand of steamer Kanawha Belle, while  
Capt. Cox goes East for his Fall stock  
of goods.

Mr. ROMAN MENAGER has sold  
out his interest in the Woolen Fac-  
tory to the LEBLANC brothers.

Mr. NELSON FORD has been  
selected President of the Philotha-  
lian Club, vice Mr. THOS. A. WILSON,  
resigned.

Personal.

We were favored with a call from  
Prof. J. H. HOOS, President of N. Y.  
State Normal School, and E. EVERETT  
HAY, of Western Reserve College,  
and correspondent of the Cleveland  
Herald; both on their way from Cin-  
cinnati Teacher's Institute, to Charle-  
stown, W. Va., to participate in the  
Institute held there, commencing Tuesday,  
Sept. 6th.

Mr. HENRY was here, at Post Head  
Quarters, during the Morgan raid, and  
expressed great surprise at the growth  
and improvement of the town, and re-  
marked that if we only had a Railroad,  
Gallipolis would soon be a city of the  
first class, of which fact we have not  
the slightest doubt.

In another column will be seen the  
advertisement of Mr. W. A. Loxe, who  
has just purchased the business estab-  
lishment lately owned by Messrs. BAR-  
LEY & HATFIELD, to which we would di-  
rect attention. Mr. Loxe has one ad-  
vantage which should of itself recom-  
mend him to the favorable considera-  
tion of the public, viz: he compounds  
all recipes, makes his own pharmaceu-  
tical preparations, from the best im-  
ported and local drugs and ingredients,  
and, having had over ten years' prac-  
tical experience, (two with Messrs.  
RATNBURG & DRUGGILL, and the re-  
mainder in various localities,) he  
brings an amount of chymical, Analyt-  
ical and Dispensing skill into operation  
which has seldom been equalled in this  
city. We foretell for him a great suc-  
cess.

The following is the result of  
the examination of candidates for  
teachers, held on Saturday, the 3d  
inst.

There were fifty one applicants in  
all, 17 ladies and 34 gentlemen. Out  
of this number 13 failed to obtain  
certificates, and 3 withdrew. Of  
those who failed, there were 7 in  
English grammar, theory and prac-  
tice, 2 in arithmetic and grammar,  
theory and practice. One in spelling  
and grammar, theory and practice,  
and three in theory and practice.  
16 obtained certificates for 6 months,  
17 for twelve months, and 2 for  
eighteen months. Of all the appli-  
cants Miss Lydia A. Lasey had the  
highest general average, and Mr.  
Alonso E. BING, the next.

Teachers' Institute.

The Teachers' Association of  
Gallia county, held their session in  
this city last week, and for numeri-  
cal attendance, propriety of deport-  
ment and educational requirements,  
far excelled any similar gathering  
which has ever met in Gallipolis.

Amongst the lecturers who ad-  
dressed the teachers, were Mr.  
WHITE, Prof. KIDD, Mr. CALDWELL,  
and Mr. COOLEY. Mr. WHITE chose  
for the subject of his first lecture  
Grammar and Arithmetic, his sec-  
ond, Inner and Outer Life, or Man's  
Duality, and on Friday, general re-  
marks on Education, all of which  
were rendered by a clear and convinc-  
ing line of argument, leading his  
audience from the purely practical  
to the highly colored sublime images  
of the Poet and the scholar.

Mr. KIDD gave his Elocutionary  
lectures in his usual attractive man-  
ner, interspersing his remarks by  
elucidations of the various manner in  
which sentiments are expressed in  
the Pulpit, at the Bar and on the  
Stage.

Mr. COOLEY lectured on Geogra-  
phy, and Mr. CALDWELL on Writing  
—both of whom, it is almost unnec-  
essary to remark, acquitted them-  
selves well and to the point.

The session lasted five days, and  
we trust that this useful, and we  
may say, indispensable body, will for  
the future not only meet annually,  
but form amongst themselves a per-  
manent association, before whom all  
candidates for preceptorial situations  
will be required to pass a thorough-  
ly searching examination, and from  
whom they shall have received a cer-  
tificate of qualification, previous to  
their final appearance for a certifi-  
cate before the Board of Examin-  
ers.

The following is a complete and  
corrected list of the names of the

Resolved, That our Legislature  
ought to establish some system of  
Normal Instruction for our teachers,  
either by founding Normal Schools,  
or by having Normal Institutes held  
in every Judicial District, or both.

Resolved, That a system of com-  
munity superintendence, wisely devised  
and faithfully worked, would most  
essentially advance the educational  
interests of the State, and improve  
the quality of the instruction given  
in our Public Schools.

Resolved, That each Township  
should constitute a School District,  
whose Directors should be required  
to establish a uniform series of text  
books.

Resolved, That the Legislature be  
asked to pass a law restricting the

Probate Judge in his appointment of  
School Examiners, to Practical  
Teachers only.

By this (Wednesday) morn-  
ing's mail, we have the intelligence  
that a Republic has been proclaimed  
in France, and a Provisional Govern-  
ment established, with Gen. Trochu as  
President.

Paris for the past two days has been  
the scene of wild excitement.  
The Prussians began their march on  
Paris Monday.

On the morning of the 6th  
inst., at about 9 o'clock, the dwell-  
ing house of Major JOHN LEAPER,  
in Harrison township, in this  
county, was destroyed by fire, with  
its entire contents. The origin of the  
fire we have not learned, but pre-  
sumed to have been caused by sparks  
from the cook stove, as the fire was  
first seen bursting from the windows  
of the second story of the kitchen.—  
Major LEAPER was absent from  
home, and learned of his loss, in  
Gallipolis, by special messenger.

The building and contents were  
insured in the Aetna of Hartford,  
for \$2,500. Home of Columbus,  
loses a small sum on the frame por-  
tion of the building.

This is the second loss by fire Major  
LEAPER has sustained in the  
past five years, the Aetna having  
then paid him about \$1,300 for barn  
and contents.

The Railroad fever is "well up"  
in McArthur and Vinton county,  
and the local papers represent the  
prospect encouraging. Let us not weary in  
the good work, but energetically press for-  
ward until the goal of success is reach-  
ed. It will pay.

Last Friday evening, there was  
organized in this city, Morning Star  
Council No. 11, of the Order of United  
American Mechanics. The following  
are the officers:

R. M. Cochran, C.  
W. L. Tripp, V. C.  
J. C. Reeves, R. S.  
R. C. Nelson, A. R. S.  
E. P. Ralph, F. S.  
F. Souverain, Tr.  
Geo. Alexander, I.  
L. Billings, E. H.  
Charles Friend, J. P.  
A. F. Lasey, O. P.

The Republican meeting at  
the Court House, last Friday eve-  
ning, though slimly attended by  
reason of services at the Institute,  
was nevertheless an interesting oc-  
casion. Hon. THOMAS SWAN, ac-  
quitted himself nobly. The Re-  
publican party was the only safe  
peace party in this country, and  
therefore he gave to it the best en-  
ergies of his soul. Such speakers as  
Mr. SWAN do good wherever they  
go, for truth and honesty set  
enthroned in every sentiment they  
utter. We trust he may long be  
prepared to battle for the right.

Chief Justice Chase is suffer-  
ing from the result of a paralytic  
stroke, at the residence of his son-in-  
law, Senator Sprague, of Rhode  
Island. It is feared that it will in-  
capacitate him for any further busi-  
ness.

Coal.—Our Symmes Tp. friends  
are joyful over the developments of  
coal in their region. Near the line  
of Gallia and Lawrence, on Mr. Web-  
ster's place, a mile and a half from  
J. T. Irwin's, is a vein of excellent,  
bright looking coal, six feet four  
inches thick. The combustibility of  
the coal is esteemed highly by all  
who have used it. The vein is quite  
near to the surveyed line of the pro-  
jected prolongation of the C. & O. R.  
R., but of course, it won't do it. R.  
But, but of course, it won't do it. R.

Base Ball.  
The match game of Base Ball be-  
tween the "Vegetes," of Millersport,  
and the "Live Oaks," of this city, last  
Monday, was quite an exciting affair.  
Some excellent playing was done on  
both sides, which we have not room  
to particularize. The Live Oaks were  
victorious, as the following score will

Probate Court.

Judge KENT furnishes us the fol-  
lowing statement of the business of  
the Probate Court for the past week,  
to wit:

MARRIAGE LICENSES.  
Elijah F. Bright and Nancy C.  
Biles; Jefferson T. Markin and Is-  
abel Boggs; David McDaniel and Su-  
sanna Crumwell; Isaac Boster and  
Elizabeth Nidy; George H. Pruden  
and Ruth H. Jolly; John Chester and  
Rachel Siders; Thomas J. Neal and  
Mary B. Tipton; Orren Coughenour  
and Juritta Gross; Thomas H.  
Holmes and Eliza Coughenour; An-  
derson Smith and Rosa Speers; Wil-  
liam C. Hale and Mary M. Braner.

OTHER MATTERS.

William L. Hutchinson was ap-  
pointed Guardian of William Hutch-  
inson; bond sixteen hundred dol-  
lars.

Alvah Guy, Guardian of the mi-  
nor heirs of Isaac Wilcox, deceased,  
filed his first account for settle-  
ment.

Samuel R. Keller, Administrator  
of the estate of S. S. A. Keller, de-  
ceased, filed an inventory and ap-  
praisalment of the personal property  
of said decedent.

According to the Jackson  
Standard, the state of society at the  
old Salt Works, near that place, in  
olden time, was every thing but  
pleasant. It says:

"Where Main street is now lo-  
cated, was then (1803) a poor pas-  
sage. In this field there were  
fights almost every day, and blood  
could be seen on the ground almost  
all the time in this old field, the re-  
sult of these fights. Several mur-  
ders were committed here in those  
early days, and in one case a  
drunken man was thrown into a salt  
furnace and burned up."

A letter from New Lexing-  
ton, Perry county, to the Columbus  
Journal, says:  
Railroad excitement is as usual  
very high.  
Strangers are going to and fro  
continuously in anticipation of the  
future of this county.  
Decide that the Logan road shall  
be built, and the same going to and  
fro of strangers would be seen here,  
and our future would be glorious.—  
But keep the money in your  
pockets, and the stranger comes  
not, and the future is dark and  
sad.

To the Nervous.

The natural result of exhaustion of strength  
by excessive labor or action is a feeling of  
weakness, dullness, heaviness, weariness,  
larger of body or mind, etc. Persons of a  
weak constitution, or whose habits are seden-  
tary, frequently complain of this relaxed con-  
dition of the vital energies; and when per-  
sons of a nervous temperament are thus weak-  
ened and debilitated, disease inevitably fol-  
lows, unless it is at once checked and over-  
come. All who suffer from these causes  
require a remedy which will strengthen the  
system without exciting it, and awake a  
feeling of true enjoyment, so that life may  
become a source of pleasure. MISHLER'S  
HERB BITTERS has won its way into the  
confidence of thousands of this class of per-  
sons, who warmly endorse it as the best in-  
vigorating agent, and the most potent and  
gentle of all tonics and alteratives for  
strengthening and restoring the physical con-  
stitution. (Sept. 5, 70.—1m.)

PRETTY WOMEN.—A comparatively few  
Ladies monopolize Beauty as well as the at-  
tention of Society. This ought not to be so, but it is;  
and will be so while the foolish and single  
out pretty faces for companions.  
This can all be changed by using Hagan's  
Magnolia Balm, which gives the Bloom of  
youth and a radiant sparkling beauty to the  
Complexion, pleasing, powerful and natural.  
No Lady need complain of a red, tanned,  
freckled or rustic complexion who will invest  
75 cents in Hagan's Magnolia Balm. Its effects  
are truly wonderful.

To preserve and dress the Hair use Lyon's  
Katharine.

ROSADALS will Cure the Worst cases  
of Dyspepsia. Gilbert Hale, Washington, N. C.  
writes:  
For three or four years I have had Dyspepsia  
in its worst form, at times not being able to  
retain on my stomach even a piece of hard bread  
and cold water. My feet and hands were much  
swollen for months, and I became so much re-  
duced in flesh as to be scarcely able to get up  
without assistance. With little hope of ever get-  
ting better, or living long, I began to take Ros-  
adals, and after a few days I began to feel bet-  
ter, and after a week I was able to eat and  
sleep; feeling well and strong, and am now able  
to eat with impunity the coarsest kind of diet,  
such as pork, potatoes, &c. I can recommend  
Rosadals as a valuable remedy.

Plantation Bitters.  
S. T.—1860—X.  
This wonderful vegetable restora-  
tive is the sheet-anchor of the feeble  
and debilitated. As a tonic and cor-  
dial for the aged and languid, it has  
no equal among stomachics. As a re-  
medy for the nervous weakness to  
which women are especially subject,  
it is superseding every other stimu-  
lant. In all climates, tropical, tem-  
perate or cold, it acts as a specific  
in every species of disorder which  
undermines the bodily strength and  
breaks down the animal spirits.—  
For sale by all druggists.  
March 10, 1870.—fm.

"Treat your cough." What cure? AYER'S  
CHERRY PECTORAL for a Cough. AYER'S  
PILLS for a purgative, and AYER'S SARS-  
PARILLA for the complaints that require an  
alterative medicine. [July 3, 70.]

Young Men, on the honor and happiness of  
Marriage, and the evils and dangers of Ge-  
liby—will satisfy help for the attain-  
ment of man's true position in life. Sent

"Fresh as a Maiden's Blush"

Is the pure peachy complexion which fol-  
lows the use of Hagan's Magnolia Balm. It  
is the True Secret of Beauty. Fashionable  
Ladies in society and for the purpose of  
the Magnolia Balm changes the rustic  
Country Girl into the City Belle more rapidly  
than any other one thing.  
Sediment, Tan, Freckles, Blotches  
and all effects of the Summer sun disappear  
when it is used, and a genial, cultivated,  
fresh complexion is obtained, which rivals the  
Bloom of Youth. Beauty is possible to all  
who will invest 75 cents at any respectable  
store and insist on getting the Magnolia  
Balm.

Use nothing but Lyon's Katharine to dress  
the Hair. [June 23, 1m.]

their stock is always fresh and always first

Sheriff's Sale.

State of Ohio, Gallia County, ss.  
PURSUANT to the command of an order of sale  
from the Court of Common Pleas, of Gallia  
county, Ohio, and to me directed, I will offer  
for sale at the door of the Court House, in  
the city of Gallipolis, in said county, on a

RENEWER.

GRAY HAIR  
Restored to its Original Youthful  
Color by its use.

It will make Hair grow upon bald heads,  
except in very aged persons, as it furnishes  
the nutritive principle by which the hair is  
nourished and supported.  
It will prevent the hair from falling out  
and does not stain the skin.  
No better evidence of its superiority need be  
adduced than the fact that so many imitations  
of it are offered to the public.
